## **Development**

The five new classrooms are on the final touches and we are very grateful. This is quite an achievement. Our target for the fifteen classrooms on the lower wing has been achieved and we would like to take this opportunity to pass our sincere gratitude to all who participated in one way or another and especially our dear Dad Bill Gray of Rotary Club of Catarauqui Kingston ,Canada who did everything possible to make our dream come true.

The dining hall is still pending completion as shown in the photos below and we are hopeful that it will also be ready when we get funds.
